Revised: May 17, 2018

Oregon Revised Statutes §657.665
Oregon Revised Statutes. §660.339
Training and Employment Guidance Letter (TEGL) 39-11

BACKGROUND

Personally Identifiable Information (PII): The Office of Management and Budget (OMB) defines PII as information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal identifying information that is linked or linkable to a specific individual. Any information that if disclosed could result in harm to the individual whose name or identity is linked to that information. Examples of protected PII include but are not limited to social security numbers (SSN), credit cards numbers, bank account numbers, ages, birthdates, medical history, financial history and computer passwords.

As an important and inherent part of the services provided to customers, sub-recipients and WorkSource staff must necessarily collect a wide variety of PII from customers. While the information collected as a matter of routine is often critical to effectively serving customers and providing the best possible services, the collection of protected PII also brings with it a statutory responsibility to safeguard customers' protected PII from unauthorized use or disclosure.

Maintaining confidential records is important for obvious reasons to the individual, including the prevention of identity theft. Protecting the confidentiality of customer information accessed by staff in carrying out official functions of the workforce system, is imperative to its overall integrity. Policies and procedures regarding confidentiality and data access must ensure that all necessary and legally permissible data are available to all staff and partner staff who are legally authorized to make use of the data in the discharge of their official duties. All data included in Oregon workforce and employment Management Information Systems (MIS) databases, as well as other information data sources available through other partners, such as the Department of Human Services (DHS), community colleges, etc. are subject to the requirements of these confidentiality statutes. Particular care must be taken to assure that the information and data

Policy: A06

accessible through the MIS system as well as other data and information sources accessible by providers and staff is protected and used appropriately. Although an employee may be authorized to access confidential data, the employee may access the data only in connection with the performance of his/her official duties.

POLICY

As used in this policy the term confidential refers to entire record systems, specific records or individually identifiable data that are not subject to public disclosure under Oregon Revised Statutes 192, Records, Public Records and meetings. When applicable, confidentiality covers all documents, papers, hard copy participant files, computer files, letters and all other notations of records or data that are designated by law as confidential.

Documents that contain protected PII (participant or family members) social security numbers, driver's license, birth certificates, I-9 documents, TANF, etc., must be stored in a confidential, locked file cabinet which is only accessible by appropriate staff. Computers that have access to customer data should be locked when not in use and anytime a staff person is away from their workstation.

Given the integration and merging of services within the WorkSource Oregon Centers, confidential information that is received by one WorkSource Oregon partner from another partner agency retains its confidentiality unless otherwise provided by law. The requirement of the program that provides the information shall apply.

In Oregon, the initial participant's electronic information data is stored in WorkSource Oregon Management Information System (WOMIS) on servers maintained by Oregon Employment Department (OED) and administered under the rules of the Oregon Department of Administrative Services (DAS) WIOA participant's electronic information is kept secure on the I-Trac data servers and administered by Worksystems Inc.

DEBT COLLECTION

Revised: March 1, 2018

Policy: F02

PURPOSE

This policy sets forth procedures for collection of any debt due and owed to Willamette Workforce Partnership (WWP). It establishes procedures for the recovery of unallowable and disallowed expenditures under the Workforce Innovation and Opportunity Act (WIOA) or other grants to help ensure that all funds administered by Willamette Workforce Partnership (WWP) are properly accounted for, and whenever feasible, recoverable.

REFERENCES

Code of Federal Regulations 2 CFR 200.426 & 200.428
WIOA Sec. 184

POLICY

Once it has been determined that a debt is owed to Willamette Workforce Partnership (WWP) by any sub-recipient or contractor, the following procedures will be followed:

Notification Process

If the debt lies with a sub-recipient or contractor, the sub-recipient or contractor will initiate collection procedures using their internal debt collection processes. Should the sub-recipient or contractor be unsuccessful in recovering the debt from their subcontractor after using their own internal processes, they may forward documentation and a request for assistance to Willamette Workforce Partnership (WWP). Assistance from Willamette Workforce Partnership (WWP) does not relieve the sub-recipient or contractor from liability of debt.

Once Willamette Workforce Partnership (WWP) is asked for assistance, Willamette Workforce Partnership (WWP) may send up to three debt collection letters to the sub-recipient at no less than 30 calendar day intervals, or until the debt is collected. The debt collection letters will be sent Certified Mail-Return Receipt Requested. If the sub-recipient grieves the existence of a debt, it will be encouraged to seek legal advice.

The first and second (which shall be more strongly worded than the first) collection letters will include the following:

- Amount of the debt
- Basis for the debt
- Date debt will be considered delinquent
- Interest Rate to be charged after the delinquency date
- Administrative Appeal Rights of the debtor

The third collection letter will include the same information as the first two letters and will also indicate Willamette Workforce Partnership (WWP) intention to impose one or more of the following sanctions:

Withholding payments due the sub-recipient or contractor;

PARTNERSHIP
DEBT COLLECTION

Revised: March 1, 2018

Policy: F02

- Initiation of litigation against the sub-recipient or contractor;
- Withholding of future funding
- Termination of current agreements
- Initiation of debarment

If the debt is due to an unallowable/disallowed cost by sub-recipient or contractor, the sub-recipient or contractor shall be notified in writing of the existence and the basis of the debt. The same Willamette Workforce Partnership (WWP) procedures explained above will apply to debt collection from sub-recipient or contractor.

Debt Settlement

In the event sub-recipient or contractor desires to compromise and settle the debt for less than the full amount, Willamette Workforce Partnership (WWP) shall make a determination as to whether or not the compromise is in its best interests. In making that determination Willamette Workforce Partnership (WWP) shall consider the following factors:

- Amount of the debt
- Possible repayment methods
- Debtor's repayment history to date
- Debtor's ability to satisfy the terms of the compromise
- Cost of further debt collection proceedings
- Probable success of any litigation

Prior to any debt being compromised or terminated, an approval will be obtained from the appropriate governmental authorities with oversight of the affected funds.

Litigation of Debt

Willamette Workforce Partnership (WWP) shall seek legal counsel to determine if litigation is in its best interests. If, after considering the probable success of litigation, Willamette Workforce Partnership (WWP) determines to proceed, legal counsel will be retained to carry out the litigation. If, after consultation, it is determined that litigation is not in the best interests of Willamette Workforce Partnership (WWP), a request for waiver may be submitted to the proper authority for any disallowed cost.

Record of Debt Collection Process

Willamette Workforce Partnership (WWP) must maintain a record of all actions taken during the collection process, including any supporting documentation. These records shall include any information supporting the outcome of any decisions made regarding courses of action during the collection process.

Procurements are to be made using the following methods related to the total anticipated cost of the procurement. Cost is defined as the one-time cost of a single item or service procurement, or the annual cost of the same contracted services.

Willamette Workforce Partnership (WWP) procurements will:

- Use the appropriate competitive selection process as outlined in the Methods of Procurement contained in this policy, to ensure maximum open and free competition.
- Provide documentation of any cost/benefit, lease vs. purchase, or other analysis applicable to the selection process.
- Contain clear and accurate written descriptions of the requirements for the goods and services to be procured.
- Provide the criteria to be used in the selection process.

PROCEDURE

Methods of Procurement

The amounts that are listed below refer to the purchase of a single item or service. Multiple purchases of the same items or services within a fiscal year are taken in the aggregate to determine the method of procurement.

Micro Purchases: \$0 - \$3,500

Procurement of goods or services within the Federal Micro-Purchase Threshold (currently \$3,500) may be awarded in any manner deemed practical and expedient, and in accordance with applicable procurement procedures. Recurring purchase of small items such as office supplies may be procured on an annual basis. This method is not intended to eliminate competitiveness, but rather to expedite the purchasing process to minimize the associated administrative burden and cost.

Intermediate Purchases: \$3,501- \$99,999

Procurement of goods or services greater than \$3,500 but not exceeding \$99,999 generally require at least three informally solicited competitive price quotes from three providers or

vendors or a cost/benefit analysis of the products or services to be purchased. A written record of the three quotes or the cost/benefit analysis must be on file. In situations where the goods or services are only provided by one vendor or a specific need fulfillment is required, a sole source justification statement must accompany the procurement and a cost/benefit analysis must be completed. Procurement of grant sub-recipients (contracts for the delivery of program services) requires following the Large Purchase Method.

Large Purchases: \$100,000 or Greater

Procurement of goods or services of \$100,000 or greater, requires a formal procurement process. A formal procurement process is a public process that solicits proposals or bids from potential contractors and utilizes a formal evaluation and selection process. All purchases in excess of \$100,000 also require board approval.

YOUTH STIPENDS AND INCENTIVES

Revised: May 17, 2018

Policy: P03

PURPOSE

The purpose of this policy is to provide guidance on stipends and incentives allowable under the Workforce Innovation and Opportunity Act (WIOA) for eligible youth participants.

REFERENCES

Code of Federal Regulations 20 CFR 681.640
Training and Education Guidance Letter (TEGL) 21-16
WIOA Sec. 129 (c)

POLICY

Incentives and stipends are allowable to youth enrolled into the WIOA Title I Youth Program. They are intended to be used to encourage and motivate WIOA youth to reach specific goals and obtain positive outcomes. Incentive and stipend awards are not entitlement nor should be considered a supportive service. All incentives and stipends will be subject to the availability of WIOA Youth funds and will be in accordance with the requirements contained in 2 CFR part 200.

Stipend: A Stipend is a fixed or regular payment made to a WIOA Youth participant for services rendered during a work experience. The stipend may include a living allowance, personal expenses, or reimbursement for personal costs such as a person's time or transportation. Stipend amounts must be below Oregon minimum wage. Sub-recipients who offer stipends to participants must develop a model for insuring equitable payments.

Incentive: Incentives are payments to youth participants for recognition and achievement directly tied to training activities and work experiences. The incentive must be linked to an achievement of a milestone and tied to training and education, Measurable Skill Gains, or employment goals as identified in the Individual Service Strategy. All incentives must be earned and paid during the period of Youth participation. Incentives do not include supportive services items such as childcare, transportation, or reimbursement of work-related expenses.

Stipends and Incentives can only be awarded upon equitable and non-discriminatory standards ensured by the sub-recipient. For stipends, each stipend payment must include a record of the youth's participation and basis for payment and a receipt of stipend payment being received by the participant. For incentives, sub-recipients must show documentation of completion of the goal, form of incentive, and a receipt of the incentive being received by the participant.

Willamette Workforce Partnership (WWP) aims to ensure that the value of a stipend or incentive is tied to the size and nature of the achievement for which they are awarded and scaled to inspire participants to work toward the associated achievements. All stipends

Policy: P04

- **Basic Skills Deficient:** An individual who is unable to compute or solve problems, or read, write, or speak English, at a level necessary to function on the job, in the individual's family, or in society.

POLICY

Under WIOA, priority of service means that a "covered" person shall be given priority over a "non-covered person" for the receipt of employment, training, and placement services provided. Depending on the type of service or resources provided, priority means that the "covered" person receives access to the service or resource earlier in time than the "non-covered person" or if the service is limited, the covered person receives access to the service or resource instead of, or before, the "non-covered person." A "covered" person includes veterans and eligible spouses of veterans, recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient.

Priority of Service for veterans applies to all qualified job-training programs. Veteran's will be identified and made aware of their entitlement to priority of service, full range of program services under priority of service, and all applicable eligibility requirements during the point of entry. For other priority populations, priority is determined during eligibility and enrollment into Title 1B adult services. During that time, paperwork verifying priority eligibility must be documented within the participant's file.

Willamette Workforce Partnership (WWP) may identify additional priority populations at its discretion, based on local plan priorities, labor market information, and community/customer needs. These will be communicated to sub-recipients as they are approved.

INDIVIDUAL TRAINING ACCOUNTS

Policy: P05

The purpose of this policy is to establish guidelines for the issuance of Individual Training Accounts for participants engaged in approved training.

Oregon State Workforce Policy: 122 (a)

WIOA Sec. 122 (a)(3)

WIOA Sec. 134 (c)(3)(a); 134 (d)(4)(g)

POLICY

An Individual Training Account (ITA) is intended to provide financial assistance for training services that provide participants with the sustainable skills necessary for competitive employment. ITAs are not necessary for short-term prevocational services, such as GED or workforce preparation classes and/or individualized career services. ITA funds are available to purchase training services from eligible training providers for Adults and Dislocated Workers. Eligible training programs are established through the Eligible Training Provider List (ETPL).

ITAs for training services are allowable for Adults, Dislocated Workers, and/or Out-of-School Youth (ages 18-24). Participants are expected to make a self-informed choice about their own employment future and training services needed. Sub-recipients are expected to provide information, assessments, and resources to participants in order for the participant to have an active role in managing their employment goals and future ITA.

ITA Obligations and Authorization

Before any ITA training funds are expended, an ITA application must be approved by sub-recipient staff. The following criteria for the award of a scholarship will consider:

Need for Training

The award of an ITA is not an entitlement, therefore, even though a participant may be eligible (including priority of service participants), the provision of training must be needed for the participant to obtain employment that leads to economic self-sufficiency.

Furthermore, the participant must express the desire to complete a training program directly linked to the employment opportunities in the local area or show willingness to commute.

Use of Assessments

Individuals who indicate a need for training through the ITA must receive an interview, evaluation, or assessment *and* a career plan (IEP) prior to ITA obligations. During the assessment, Sub-recipient staff will verify the need for training and if the person is unlikely or unable to obtain or retain employment that leads to economic self-sufficiency or wages

Policy: P05

comparable to or higher than wages from previous employment. Assessments must also verify if the participant has the skills, qualifications, and means to participate successfully in training services. Utilizing assessment conducted within the last six months are allowable.

Strategic Occupations

All ITAs need to consider the connection between the employment goal of the applicant and positions that lead to self-sufficiency or within the regionally emerging industries.

Eligible Training Provider

ITA funding may only be obligated and paid toward training programs located on the Eligible Training Provider list (ETPL). This includes programs found on Washington, Idaho, and Utah's ETPL. Eligible training programs approved by Washington, Idaho, or Utah are only eligible to Oregon participants if the Out-of-State programs are not offered in Oregon and the participant agrees to attend training through the out-of-state training program.

Sub-recipient will notify participants of training program eligibility expiration dates. If a training program is removed from the ETPL prior to the first day of class, that program is not eligible for ITA funding. If the removal of a training program takes place after the first day of class, the ITA funds can pay for the completion of the training program.

Registered Apprenticeship

ITAs may be developed for participants enrolled into a Registered Apprenticeship program that has registered with U.S. Department of Labor or with Oregon's Bureau of Labor and Industry, Apprenticeship and Training Division. ITA funding does not cover the on-the-job portion of the program; however, can cover, some or all, of the classroom portion of the Registered Apprenticeship. A combination of ITA and OJT funding to completely fund the Registered Apprenticeship is allowable.

Time and Funding Limits

Willamette Workforce Partnership (WWP) does not have a time limit for ITA completion. Participants who need to prepare for a training program, such as completing math, reading, writing prerequisites, are not considered to have started the training program and cannot be funded by an ITA award unless the prerequisite class is a part of the overall training program.

WIOA Title 1 ITA funding is defined in the ITA Standard and includes tuition and fees. The amount and duration of an ITA award shall be determined on an individual basis with consideration of other financial assistance available to the participant.

Coordination of ITA Funds and Financial Aid

WILLAMETTE WORKFORCE
PARTNERSHIP
INDIVIDUAL TRAINING ACCOUNTS

Revised: May 17, 2018

Policy: P05

ITA funding is limited to participants who are unable to obtain grant assistance from other sources to pay for the entire cost of training or require assistance beyond available grants. Participants need to apply for financial aid each year and a copy of the award or denial notification must accompany the ITA application. Participants who require WIOA assistance in addition to other grants, such as Federal Pell Grants, will require the sub-recipient to make funding arrangements with the other funding entities. A WIOA participant may enroll in a WIOA-funded training program while the participant's Pell grant is pending as long as the Sub-recipient has arrangements with the training provider. Arrangements must include reimbursements. If the Pell Grant covers the entire training, the training provider must reimburse the sub-recipient the WIOA funds that were used to underwrite the training for the amount the Pell Grant covered, including fees the training provider charges to attend training.

Coordination of ITA Funds and Other Federal Assistance

Sub-recipients are to consider other sources of funding for training (excluding loans) to pay for training costs to ensure WIOA funds can supplement, but do not replace, other sources.

Educational funding for Veterans who receive training benefits administered through the Department of Veterans Affairs are not required to exhaust benefits to receive WIOA training.

ITA Payments

Sub-recipients may write a Purchase Order (PO) or voucher for each individual identified to receive an ITA award. Sub-recipients have the flexibility to decide when to bill actual expenditures with the training provider. PO or vouchers are required to address deobligations as individuals receive additional resources and/or leave the training program prior to completion.

Training and Satisfactory Progress

Participants must be able to demonstrate the necessary skills to complete the training and enter employment and has no legal barriers to entering the occupation for which the training is targeted. Participants enrolled in an ITA must maintain at least a 2.0 grade average in graded courses or programs, and at least a satisfactory rating in ungraded courses, each quarter/semester/term. If a participant has two consecutive quarters/semesters/terms where the grade falls below a 2.0 GPA, Willamette Workforce Partnership (WWP) approval is required prior to further training payments.

Willamette Workforce Partnership (WWP) will consider the following prior to approval:

- Cause of failure such as; illness, injury, or disability of the participant or member of the family;
- Weather conditions/natural disasters prevented participant from completing training;

- Training is delayed or cancelled;
- Employment that caused the participant to disengaged from training;
- Advice from academic personnel that recommended student “dropping” from the training program
- Modification to the training request

ITA Modifications

Sub-recipient staff can change the participant’s occupational goal when a participant decides after attending one quarter of school if the occupational chosen is not right-fitting for the participant. The participant must complete the same activities, such as labor and wage information, prior to the approval of the ITA modification.

Policy: P06

PURPOSE

The purpose of this policy is to clarify criteria by which the Willamette Workforce Partnership (WWP) determines eligibility for incumbent worker services and the cost sharing required for incumbent worker training projects, in accordance with the Workforce Innovation and Opportunity Act (WIOA).

POLICY

Willamette Workforce Partnership (WWP) may reserve and expend up to 20 percent of its combined adult and dislocated worker formula allotments for incumbent worker training. To qualify as an incumbent worker, the individual must be employed, meet the Fair Labor Standards Act requirements for an employer-employee relationship, and have an established employment history with the employer for 6 months or more. If there is a cohort training, not all employees must be employed for the 6 months. The training must satisfy the requirements in WIOA and increase the competitiveness of the employee or employer. An incumbent worker does not necessarily have to meet the eligibility requirements for career and training services for Adults and Dislocated Workers under WIOA.

PROCEDURE

Employer Eligibility Criteria

The Willamette Workforce Partnership (WWP) must document the following factors when determining the eligibility of employers to receive the WIOA share of funds to provide training to incumbent workers using local Adult and/or Dislocated Worker formula funds:

1. The characteristics of the incumbent workers to be trained, specifically, the extent to which they historically represent individuals with barriers to employment as defined in WIOA Section 3(24), and how they would benefit from retention or advancement;
2. The quality of the training (e.g., industry-recognized credentials, advancement opportunities);
3. The number of participants the employer plans to train or retrain;
4. The wage and benefit levels of participants (before and after training);

5. The occupation(s) for which incumbent worker training is being provided must be in demand as defined by WIOA Section 3(23) and as determined by workforce development area-specific labor market information.
6. The industry, to which the employer is assigned, as determined by its North American Industry Classification System (NAICS) code, must be in demand as defined by WIOA Section 3(23) and as determined by workforce development area-specific labor market information.
7. The employer must not have laid off workers within 12 months to relocate to Oregon from another state;
8. The employer must attest, in writing, that it is not delinquent in unemployment insurance or workers' compensation taxes, penalties, and/or interest.
9. Sub-recipients must document these factors in approving an incumbent worker training project with an employer.

Employers participating in incumbent worker training are required to pay the non-WIOA (non-federal) share of the cost of providing training to their incumbent workers. The employer share is based on the size of the workforce as follows:

- At least 10 percent of the cost for employers with 50 or fewer employees
- At least 25 percent of the cost for employers with 51 to 100 employees
- At least 50 percent of the cost for employers with more than 100 employees

POLICY

Supportive Services may be provided to enable an individual to participate in WIOA activities. Participants must be enrolled in a WIOA youth program or WIOA Adult/Dislocated Worker individualized or training-level services in order to receive supportive services. The justification and documentation for all supportive services must be included in electronic and hard copy participant records.

Supportive services are intended to be provided in situations where a participant would otherwise be unable to successfully participate in WIOA-authorized activity. Supportive services will be provided on a case-by-case basis, only when determined necessary, and reasonable through a needs-based analysis, and dependent on funds availability.

Supportive services are not intended to take the place of public assistance and income maintenance payments provided by social service agencies and should only be utilized when it has been determined that other sources or services outside the WIOA are not available to the participant, including all local workforce partners, community services providers, and other public and/or private agencies. Provision of supportive services will be coordinated with these organizations, when appropriate.

Documentation for each supportive service payment must be maintained in the participant file. Sub-recipients will develop protocols for distribution and provision of Supportive Services that include:

- Internal controls that result in equitable treatment of participants;
- Documentation of "last resort"

Needs-Related Payments: Needs-Related Payments (NRPs) are financial supports that may be made available to eligible participants who are unable to participate in, or complete an approved training program without such assistance. NRPs are one of the supportive Services authorized by WIOA and are intended to provide cash assistance to participants. The Willamette Workforce Partnership (WWP) may limit or eliminate the availability of NRPs, at its sole discretion, at any time based on funding availability. Needs Related Payments should be provided when it is determined that ongoing resources and income from all other sources are not adequate to support the participant while in WIOA-approved training.

ADULT AND DISLOCATED WORKER ELIGIBILITY

Revised: March 1, 2018

Policy: P08

PURPOSE

The purpose of this policy is to identify WorkSource Oregon Management Information System (WOMIS) as the State of Oregon's designated system for the determination of eligibility for the Workforce Innovation and Opportunity Act (WIOA) Adult and Dislocated Worker Programs.

REFERENCE

Code of Federal Regulations 20 CFR 680.110

POLICY

The State of Oregon and Higher Education Coordinating Commission has established a standard for paperless WIOA Adult and Dislocated Worker Program registration, eligibility determination, and initial program participation based on the definition of self-attested and is implemented through the WOMIS Customer Registration program.

Registrants must self-attest to the truth and accuracy of the data they provided in the WOMIS Customer Registration program and WorkSource staff must examine an eligible registrant's acceptable document(s) to attest that the registrant's date of birth on the document(s) matches the date of birth record in the WOMIS Customer Registrant program.

Eligible registrants may access all self-service and basic career services available at the WorkSource locations, but may not receive any WIOA funded individualized career services or training services until additional WIOA eligibility documentation is completed. This includes Equal Opportunity data that must be collected on every individual who is interested in being considered for WIOA Title 1 financially assisted aid, benefits, services, or training.

HECC assumes the liability for disallowed costs associated with questioned WIOA Adult and Dislocated Worker Program eligibility determined by WOMIS.

ON-THE-JOB TRAINING

Revised: January 10, 2018

Policy: P09

PURPOSE

The purpose of this policy is to provide guidance for the provision of On-the-Job Training (OJT) contracts funded through the Workforce Innovation and Opportunity Act (WIOA) and other discretionary fund sources in compliance with federal and state laws, regulations, policies, and guidance.

WIOA Sec. 3 (44)
WIOA Sec. 134 (c)(3)(D) ii

POLICY

An OJT is provided under a contract with an employer or registered apprenticeship program sponsor in the public, private non-profit, or private sector. Through the OJT contract, occupational training is provided for the WIOA participant in exchange for the reimbursement, typically up to 50 percent of the wage rate of the participant, for the extraordinary costs of providing the training and supervision related to the training.

The OJT activities are defined in a contract with the employer and should be viewed as an alternative to more traditional classroom-based learning that allows participants to learn in their real work environment. The contract will include a structured training plan with a commitment of supervision and continued employment following successful completion of the training period.

On-the-Job training (OJT) is a hire-first job training program that benefits both participant trainees and local employers. An OJT is not an entitlement program for employers and WIOA participants. The decision to enter into contract with an employer is at the discretion of Willamette Workforce Partnership (WWP) and its contracted programs.

Strategic Occupations

All OJTs need to consider the connection between the employment goal of the applicant and positions that lead to self-sufficiency or within the regionally emerging industries.

Employer Eligibility

OJTs agreements may only be executed with eligible employers and positions. In order for an employer to be eligible, the following must occur:

WILLAMETTE WORKFORCE
— PARTNERSHIP —
ON-THE-JOB TRAINING

Revised: January 10, 2018

Policy: P09

- The OJT employer is registered with the Internal Revenue Service (IRS), reports to the Oregon State Employment Department for Unemployment Insurance, and carry Workman's Compensation Insurance.
- The employer is financially solvent and has an adequate payroll record keeping system that tracks hours worked, gross pay, deductions, and net pay.

Placement Restrictions

All OJT agreements must comply with WIOA, State of Oregon, and Willamette Workforce Partnership (WWP) guidelines which include:

- OJTs cannot be placed in employment that carries out the construction, operation, or maintenance or any part of a facility used for sectarian instruction or as a place for religious worship with the exception of maintenance of facilities that are not primarily used for instruction or worship.
- The business has not been debarred or suspended in regard to federal funding.
- OJTs must not be entered into with an employer who has received payments under WIOA or WIA and exhibits a *pattern of failing* to provide OJT trainees with continued long-term employment as regular employees with wages and employment benefits (including health benefits) and working conditions at the same level and to the same extent as other employees working a similar length of time and doing the same type of work.
- The business cannot be involved in a labor dispute, has employees in layoff status, or is in violation of Davis Bacon Labor practices that govern prevailing wage rates for government construction contracts.
- The business cannot have a member of the OJT participant's immediate family engaged in the administrative capacity for the employer or supervise the OJT participant.
- The OJT agreement cannot impair existing contracts for services or collective bargaining agreements. When an OJT agreement is being considered for positions under a collective bargaining agreement, the appropriate labor organization and employer must provide written concurrence before the OJT can be finalized.
- The OJT would not assist, promote, or deter union organizing.
- The employer does not illegally discriminate in training or hiring practices because of race, color, sex, national origin, religion, physical or mental handicap, political beliefs, or affiliations, or age.
- OJTs cannot be placed in jobs that pay by commission or piecework. Furthermore, seasonal and temporary employment are not considered appropriate placements because the OJT outcome is focused on long-term employment.
- The OJT trainee would not be engaged in partisan political activities.
- The employer does not have individuals on layoff from the same or any substantially equivalent job. This includes ensuring the employer has not

WILLAMETTE WORKFORCE
— PARTNERSHIP —
ON-THE-JOB TRAINING

Revised: January 10, 2018

Policy: P09

terminated the employment of any regular employee or reduce the workforce of the employer with the intention of filling the vacancy with an OJT trainee.

- The OJT would not infringe in any way upon the promotional opportunities of currently employed individuals (as of the date of the participation).
- The OJT does not encourage the relocation of a business or part of a business if such relocation would result in a loss of employment for any employee at the OJT placement location.
- The OJT cannot be placed if a fee has been charged to the participant for referral or placement of the OJT.
- All OJTs cannot be less than four (4) weeks or more than twenty-six (26) weeks unless an exception has written approval by Willamette Workforce Partnership (WWP).

Trainee Eligibility and Guidelines

All OJT trainees must be determined eligible for Adult or Dislocated Worker programs, even if funding is from specialized grants. All Willamette Workforce Partnership (WWP) Standards for Adult and Dislocated Worker participants apply to OJT candidates.

Trainees are only eligible for OJTs when the following occur:

- The trainee is unemployed
- The trainee does not already possess a substantial portion of the skills required to perform the job
- The trainee is employed and is not earning a self-sufficient wage or wages comparable, or higher than, previous employment. The OJT position must provide an increase wage, hours, and/or benefits that **leads** the participant to self-sufficiency.
- The trainee is employed and must be able to learn new technologies, new production or service procedures, or able to upgrade to a new job that requires additional skills or workplace literacy.

Eligible trainees who have been assessed as having the skills and qualifications to participate successfully in an OJT contract may be provided services through the OJT program. OJT may be sequenced with other WIOA program services; such as work experience or classroom training.

OJT Contract and Training Plan

OJT opportunities can only be executed with approved employers who have completed an Employer Eligibility Checklist. Every OJT must consist of an OJT contract and Training Plan. The contract or training plan must be completed and signed by all parties (sub-recipient staff, employer, and trainee) before the OJT employee may begin training.

An OJT contract must be limited to the period of time required for a participant to become proficient in the occupation to which the training is being provided. As part of the

WILLAMETTE WORKFORCE
— PARTNERSHIP —
ON-THE-JOB TRAINING

Revised: January 10, 2018

Policy: P09

contract, the training plan is a formal and written program of the structured job training that provides participants with a combination of instruction in job-ready skills (where indicated), general employment competencies and occupational skills.

Registered Apprenticeship and OJT

OJTs may be developed for participants enrolled into a Registered Apprenticeship program that has registered with U.S. Department of Labor or with Oregon's Bureau of Labor and Industry, Apprenticeship and Training Division. OJT contracts may be with the employer or the Registered Apprenticeship sponsor. OJT funding does not cover the classroom portion of the program; however, can cover, some or all, of the on-the-job portion of the Registered Apprenticeship. A combination of ITA and OJT funding to completely fund the Registered Apprenticeship is allowable.

Ending of an OJT

An OJT Training Plan is considered ended when one of the following occurs:

- The trainee successfully completed the OJT and retained by the employer
- The OJT Training Plan reached ending date or the completion of the training; however, the trainee was not retained by the employer.
- The trainee quits or is terminated prior to training end date.

Sub-recipient may terminate an OJT training plan when the following situations occur:

- The employer fails to provide the training that was specified in the training plan
- The employer violates terms and conditions of the Training Agreement, this includes general violations of Federal and/or State regulations such as significant safety violations or failure to pay wages.

If sub-recipient terminates an OJT training plan because of the violations by the employer, staff must notify Willamette Workforce Partnership (WWP).

Payment and Limits

The total OJT payment may not be more than 50% of the actual gross wages earned during the training period (not including sick, holiday, or vacation time). Employers may not pay less than Oregon minimum wage.

Payments can only be made when all the training plan competencies have been scored at a passing level. Any refunds made to the participant account must be electronically noted with paper verification of refund located in participant file.

POLICY

Willamette Workforce Partnership (WWP) and its sub-recipients will comply with Higher Education Coordinating Committee Office of Workforce Investments (HECC-OWI) policy and state-issued guidance to layoff assistance activities for participants who are registered WIOA dislocated workers and eligible under specific conditions of the grant. These activities include: Rapid Response, Additional Assistance Projects, and National Dislocated Worker Grants (DWG).

Rapid Response

The Willamette Workforce Partnership (WWP) will coordinate with HECC-OWI, sub-recipients, and other partners to implement Rapid Response activities for mass layoffs, plant closures, disasters, trade events, or other dislocation events that substantially increase the number of dislocated workers.

The local board will coordinate Rapid Response services to workers and employers in a timely fashion that is tailored to the unique circumstances of each dislocation event. This policy also ensures that required information is provided to dislocated workers during Rapid Response layoff orientations.

Rapid Response services will be provided to workers and employers prior to dislocation events if possible or immediately following notification of the dislocation event provided that such actions would not adversely impact any ongoing collective bargaining negotiations related to the dislocation event. Local Rapid Response teams must consult with appropriate labor representatives when WIOA programs will serve union members.

Additional Assistance

If a qualifying event results in the dislocation of fewer than 50 employees, Willamette Workforce Partnership (WWP) may apply for an Additional Assistance Project. The request will be made to HECC-OWI for a one-year grant to fund services to affected workers.

Gap Fill Funds

Along with the submission of a National Dislocated Worker Grant (DWG) application, Willamette Workforce Partnership (WWP) may apply for Gap Fill funds. Upon approval from the state, Gap Fill funds will be utilized to begin providing services to affected workers while the DWG application is being processed.

If the National Dislocated Worker Grant (DWG) is not approved by the Department of Labor, the state will move the Gap Fill funds into an Additional Assistance Project. This will ensure that funds are available for at least one year to assist affected workers.

National Dislocated Worker Grants

The Willamette Workforce Partnership (WWP) policy will comply with the state and federal guidance to apply for and implement DWG funds. DWG are discretionary grants awarded by the Department of Labor for the purpose of responding to large, unexpected layoff events causing significant job losses. This is done through temporarily expanding capacity to ensure affected workers are able to find reemployment.

Application

The Willamette Workforce Partnership (WWP) may apply for DWG funds when:

- One of the following events occur:
 - Mass layoff or closure of one or more companies results in the dislocation of 50 or more workers;
 - Two or more companies with the same North American Industrial Classification System (NAICS) experience layoffs. At least one company must have at least 50 affected workers;
 - Multiple small dislocations occur over a period of up to 12 months that have significantly increased the total number of unemployed individuals in a designated regional or local workforce area (The project application must impact at least 50 affected workers);
 - At least 50 or more recently separated veterans do so within 48 months of separation as defined by WIOA section 3(63)(B);
 - An emergency or major disaster is declared by the Federal Emergency Management Agency (FEMA);
 - There is a federal agency declaration that qualifies the event for a DWG; or
 - Circumstances where 50 or more individuals relocate to another area from a disaster area.
- If the event was a closure or layoff, WorkSource Oregon staff conduct Rapid Response activities;
- For closure or layoff situations 70% of Willamette Workforce Partnership (WWP) Dislocated Worker fund for the previous program year must be expended or allocated;

- Based on the availability of local resources and the extent of need, staff analysis will determine if a DWG is necessary to ensure services to affected workers.

The decision to apply will be made within 30 days of the event or Rapid Response, whichever occurs later. Applications will be submitted within 120 days of a qualifying event(s).

Implementation

If a DWG is awarded, staff will implement the grant according to the award terms and conditions. DWG funds will be used solely to assist individuals who are eligible as determined by the grant. Eligible participants will be co-enrolled in an appropriate WIOA funded programs as well as other discretionary grants available at the time of enrollment.

Willamette Workforce Partnership (WWP) will monitor each DWG to ensure compliance with the discretionary grant award. Monitoring will be conducted in alignment with Willamette Workforce Partnership (WWP) policies.

Veteran's Priority

DWG are subject to the priority of service to veterans and certain eligible spouses. To obtain priority of service the veteran must meet the program eligibility requirements for the DWG project and must be a dislocated worker from the approved target population.

POLICY

In order to participate in a program established by or receiving assistance under WIOA Title I, all males 18 years old or older must be registered for Selective Service. Male applicants who are 18 years or older must be registered at the time of application. Male participants who turn 18 years old while receiving services must register within 30 days in order to continue receiving services. Women, males who were born before January 1, 1960, or males who have not yet reached their 18th birthday are not allowed to register with the Selective Service System and are therefore not required.

Males who reach their 26th birthday and have not registered with Selective Service are no longer eligible to register and may be unable to access many federally funded services. Applicants who failed to register must provide proof that the failure was not knowing and willful in order to be considered for receiving WIOA funded services. The Willamette Workforce Partnership (WWP) is responsible for evaluating the evidence presented by the applicant to determine whether the failure to register was knowing and willful.

For transgendered participants, compliance with selective service is predicated on the individual's gender as assigned at birth/as recorded on a birth certificate.

For participants receiving Adult and Dislocated Worker funded services, self-attestation of Selective Service registration is sufficient for a participant to receive core services. Collection of additional hard copy documentation is required prior to a participant being enrolled in intensive or training services.

For participants in WIOA Youth programs, hard copy paper documentation must be collected at enrollment or upon the participant's 18th birthday to determine eligibility.

Part II: Center Effectiveness

Center effectiveness is defined in WIOA as performance accountability in WIOA section 116. The primary indicators of performance for Mid-Valley WSO centers are those activities provided under the Adult and Dislocated Worker programs, as follows. Targets are negotiated with and approved by the Higher Education Coordinating Commission.

Part III: WorkSource Oregon Operational Standards

WSO Centers report their progress toward full implementation of the WSO Standards via self-assessment checklists on a quarterly basis. These evaluations include the following categories and will be considered as the baseline for compliance with this section of the one-stop certification. Compliant indicators are those other than “not yet started.” If the indicator is “in process” the center must have an implementation strategy in order to be compliant.

Indicator Definitions:

1. Not yet started
2. In process
3. Implemented
4. Best Practice Identified (and is fully implemented)

Part IV: Physical Accessibility

All centers must be assessed for compliance with requirements for physical accessibility outlined in WIOA section 188 and the Americans with Disabilities Act of 1990. These requirements are assessed in their entirety as part of the Willamette Workforce Partnership (WWP) annual monitoring process of its contracted sub-recipients. The following indicators are considered for center certification.

Indicator	Yes	No	Notes
Center has been assessed for physical access as part of annual monitoring process.			
The physical assessment conducted resulted in satisfactory compliance with all requirements.			
If the physical assessment conducted resulted in unsatisfactory results, technical assistance/corrective actions have been documented as part of the monitoring report.			
A copy of the physical access assessment used in annual monitoring has been obtained, reviewed on-site as part of the certification process, and a copy of is in included in the certification documentation.

POLICY

WIOA requires that the self-sufficiency wage standard will be utilized to determine the eligibility of employed workers to receive funds for Training Services. Self-sufficiency is referred to as the income needs of the family in order to meet his/her most basic expenses without public or private assistance. This income is determined by family size, the number and ages of children in the family, the sub-state geographical location, and special considerations resulting from the location.

Willamette Workforce Partnership (WWP) defines self-sufficiency wage as 200% of the Lower Living Standard Income Level (LLSIL). Up to date information can be located at <https://www.doleta.gov/lisil/>.

An individual who has full-time employment at a pay rate at or above the designated self-sufficiency wage, shall be considered to have achieved employment that allows for self-sufficiency. Therefore, the individual shall be considered to be self-sufficient and unable to receive Training Services. Regardless of full-time or part-time status, individuals who meet the underemployed status can receive Training Services.
